May 3, 2004

ERRATA NOTICE

You recently received a hard copy and/or compact disc of the three-volume Dillon Draft Resource Management Plan and Environmental Impact Statement (RMP/EIS). This document has been prepared for lands administered by the Bureau of Land Management's Dillon Field Office. An information table on individual grazing allotments was inadvertently omitted from Volume II, Appendix G of the RMP/EIS. This table is referenced in the *Livestock Grazing* discussion on page 211 of Volume I of the Draft RMP/EIS. While this information is not critical in regard to RMP decisions since numbers of AUMs, seasons of use, grazing systems, and other allotment-specific decisions are not made at the land use plan level, we wanted to make this background information available through the RMP document, and therefore have enclosed a copy of the table for your reference. This information was previously released to the public in January 2003 as part of the *RMP Digest*. The table will also be placed on the Dillon RMP project website at www.mt.blm.gov/dfo/rmp.

If you have questions or need additional information, contact Renee Johnson, RMP Project Manager, at (406) 683-8016.
